Introducing six Kashima-based sake breweries

The six breweries produce nationally renowned sake by making good use of pure water and delicious rice from Kashima.

In March 2013, Kashima City enacted the Ordinance for Promoting Toasting with Sake. The six breweries hold the "open brewery" event titled Kashima Brewery Tourism at the same time as each other, at the end of March every year. "Brewery Tourism" is the trademark of Kashima City, Saga Prefecture.
